The Courte Decide that the Wealthy

Peruvian's Bequest Is Invalid. The decision of Justice Lawrence, of the reme Court, that the bequest of \$500,000 made by Don Jose Sevilla, the wealthy Peru vian, in his will to the city of New York for establishing the Sevilla Home here was in-

establishing the Sevilla Home here was invalid, has been affirmed by the General Term, and it is probable that the plan can never be carried out.

The case may be taken to the Court of Appeals, but there is very little prospect that the city will succeed there, for the ground upon which the bequest was held to be litegal was that the persons upon whom the trust was to devolve were not named in the will, and besides, by its terms it violated the statute against perpetuities.

It was directed that the Fund should be turned over by the executors to a Board of Managers to be appointed by the Surrogate from such men as ex-Mayor Grace, Porry Belimont, William Dowd, and others, and the Board was not to erect the home till two years after the Fund came into its hands, the income to be used in the interim to purchase a site.

Senor Sevilla left about \$5.000,000, and this bequest will probably go to the Sociedad de Beneficiencia de Lima, which is the residuary legatee under the will.
